Connecting iPads to DER wireless

Steps for iOS devices (all iPads + iPhone 5 and iPod Touch gen 5 only)

Connecting iPads to DER wireless

All iPad models can connect

Of smaller devices, only iPhone 5 and iPod Touch gen 5 can connect

Connect to wireless

Go into Settings Wi-Fi

Use your Internet portal credentials

You input your portal login here.

Get the details correct!

You must use username@detnsw for username

Watch for the certificate

Connection has been made when you see a prompt for the wireless certificate:

You are now connected to DER wireless

iPad 奈	10:41 AM	100% 📼	
Settings	Wi-Fi

Messages			

But wait, there's one more thing!

Adding proxy details

To make the Internet work on your iPad, you need the proxy details:

Proxy information

iPad 穼		10:41 AM		10	00%		
	Settings	_	Wi-Fi		nswdet		_
•	Airplane Mode	OFF	IP	P Address		10.140.54.25
